

Program at a glance

Day0 [June 12 (Mon)]		9:00 10:00 11:00 12:00 13:00 14:00 15:00 16:00 17:00 18:00 19:00 20:00 21:00											
Floor	Venue												
	Life Sci. Project Res. Lab., Katahira Campus, Tohoku Univ.	The 3rd Young Meeting for Cell Biology											

Day1 [June 13 (Tue)]		9:00 10:00 11:00 12:00 13:00 14:00 15:00 16:00 17:00 18:00 19:00 20:00 21:00															
Floor	Venue	Room															
		Main Hall	11:50 12:40 12:50														
2F	Room A	Tachibana	S1 Resonance amplification between cell biology and imaging technology Michiyuki Matsuda / Tomomi Nemoto	LS1 OLYMPUS	T1 Life of proteins / Intracellular trafficking / Organelles 1 Kiyotaka Hatsuzawa / Jiro Toshima	JSCB Young Scientist Award for Best Presentation Young Investigator Session Yasuyuki Fujita						AW					
	Room C	Hagi	S2 Intracellular distribution of lipid molecules for cellular functions Mitsutoshi Setou / Shiro Suetsugu		T2 Cytoskeleton / Cell motility / Cell migration 1 Masaki Saito / Noriyuki Kioka	S5 Organelles and membrane traffic fighting against pathogens Tomohiko Taguchi											
	Room D	Shirakashi 1	S3 Pathophysiology of chromosomal instability Tatsuo Fukagawa / Kozo Tanaka		YS Symposium on Young Meeting for Cell Biology Kazuki Irie / Ryosuke Nishimura	S6 Scrap & build system in neuronal regulation Kazuo Emoto / Jun Suzuki											
3F	Room E	Shirakashi 2	S4 Cell Functions Controlled by Dynamic Assembly and Disassembly of Molecular Machines Naoyuki Inagaki / Koichi Kato		T3 Cell proliferation / Differentiation / Apoptosis / Stem cells 1 Mika Toya / Kenji Iemura	S7 Principles of multicellular organization—Mathematical modeling and quantitative approaches— Koichi Fujimoto / Daiki Umetsu											
	Room F	Meeting Room 8			T4 Cell adhesion / ECM / Cell-cell interaction Jianguo Gu / Mikio Furuse	S8 Alteration and variation of cilia and flagella Koji Ikegami / Sachiko Tsukita											
2F	Poster-Exhibition	Sakura	Set up			Poster Exhibition [P1]			Poster Session [P1]			Poster Exhibition [P1]					
			Equipment / Reagents Exhibition														

Day2 [June 14 (Wed)]		9:00 10:00 11:00 12:00 13:00 14:00 15:00 16:00 17:00 18:00 19:00 20:00 21:00															
Floor	Venue	Room															
2F	Room A	Main Hall	S9 Novel pictures of cells revealed by advanced imaging techniques Mikio Furuse / Naoto Ueno			PL Nobutaka Hirokawa			PS President's Symposium Frontiers in Cell Biology Eisuke Nishida / Noboru Mizushima / Yasushi Okada								
	Room B	Tachibana	LS2 Carl Zeiss Microscopy			E			E			Banquet					
			11:50 12:40														

	Room C	Hagi		S10 New twist in autophagy research Satoshi Waguri / Akiko Kuma [E]		LS3 Leica Microsystems		S14 Cellular and intracellular rearrangements during morphogenesis—From the viewpoints of development and cancer— Takeshi Kawauchi / Kosei Takeuchi			
	Room D	Shirakashi 1		S11 Molecular and cell biology of microtubules Asako Sugimoto / Gohta Goshima [E]		Broad of Council Members General Assembly		S15 Mechanism of cytokinesis: new development by cutting-edge approaches Issei Mabuchi [E]			
3F	Room E	Shirakashi 2		S12 Omics analysis of small-scale samples Keiko Nakayama				S16 New frontiers of chemistry-enabled bioimaging: elucidating molecular and cellular dynamics in live cells Tetsuya Higashiyama			
	Room F	Meeting Room 8		S13 Catching a glimpse of cell chirality: its roles and origin Kenji Matsuno / Atsushi Tamada [E]				S17 Cell fate regulation by long non-coding RNAs Masatoshi Kitagawa / Nobuyoshi Akimitsu			
2F	Poster• Exhibition	Sakura		Poster Exhibition [P1]	Removal / Set up	Poster Exhibition [2P]					
				Equipment / Reagents Exhibition							

Day3 [June 15 (Thu)]

Floor	Venue	Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00	21:00
	Room A	Main Hall				11:50	12:40								
2F	Room B	Tachibana		T5 Life of proteins / Intracellular trafficking / Organelles 2 Hiderou Yoshida / Kenji Inaba		Gender-Equal Workshop				S18 New emerging technology created by fusion of biological and engineering sciences, and its application to cell biology and mechano-biology Toshihiko Ogura / Shigenobu Yonemura					
	Room C	Hagi		T6 Cytoskeleton / Cell motility / Cell migration 2 Junken Aoki / Atsushi Suzuki		LS4 Sysmex				S19 Molecular mechanism of biological control and information conversion by RNA Toshifumi Inada / Tetsuro Hirose					
	Room D	Shirakashi 1		T7 Cell proliferation / Differentiation / Apoptosis / Stem cells 2 Shizue Ohsawa / Haruko Takano						S20 Time in development-temporal regulation of stem cells Yusuke Kishi / Mototsugu Eiraku					
3F	Room E	Shirakashi 2		T8 Life of proteins/ Intracellular trafficking / Organelles 3, Cytoskeleton / Cell motility / Cell migration 3 Eiji Morita / Naonobu Fujita						S21 What is the next step? New directions for molecular motor research Shinsuke Niwa					
	Room F	Meeting Room 8		T9 Chromosome / Cell nucleus / Gene expression, Technical advances Masahiko Harata / Tokuko Haraguchi					13:10	14:50					
2F	Poster• Exhibition	Sakura		Poster Exhibition [P2]	Poster Exhibition [P2]	Poster Session [P2]	Poster Session [P2]	Poster Exhibition [P2]	Poster Exhibition [P2]	Removal					
				Equipment / Reagents Exhibition											

※ [] : Meet the Speakers [E] : English Session
