

Japan Society for Cell Biology

Program at a glance

Day0 [June 14 (Tue)]									
Venue		9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00
Room B [East Bldg. 2F Seminar Room]									Young Meeting Cell Biology
Day1 [June 15 (Wed)]									
Venue		9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00
Room A [West Bldg. 1F TERRSA Hall]						LS1 OLYMPUS			PL1 Shankar Balasubramanian
Room B [East Bldg. 2F Seminar Room]				S1 High order functions of membrane traffic from molecular mechanisms to diseases Mitsunori Fukuda / Kazuhisa Nakayama		LS2 NIKON INSTECH			S3 Regulatory mechanisms of stem cell maintenance and differentiation Hironobu Fujiwara / Atsuko Schana-Fujisawa
Room C [East Bldg. 3F Conference Room (Large)]				S2 Chromosome Orchestration System: For systemic understanding of its cooperative roles Tatsuo Fukagawa / Yuki Okada		Gender-Equal Workshop		AW JSCB Young Scientist Award for Best Presentation Young Investigator Session Miho Ohsugi	
Room D [East Bldg. 2F AV Study Room]				T1 Cytoskeleton / Cell motility / Cell migration, Chromosome / Cell nucleus / Gene expression Mitsuhito Oka / Kazumasa Ohashi	12:20 13:10			S4 Cell fate determination in plants Motomu Endo / Daisuke Maruyama	
Room E [West Bldg. 3F Conference Room No.2]				T2 Cell proliferation / Differentiation / Apoptosis / Stem cells Kensaku Mizuno / Ryo Iwamoto				S5 Integrative understanding of thermobiology Yoshie Harada / Naoko Inamoto	
Room F [East Bldg. 1F Conference Room No.9]				T3 Technical advances Kazuo Kurokawa / Yusuke Ohba				W1 Mechanisms underlying asymmetry and heterogeneity of cells Etaiako Kiyokawa / Chisoe Onoyama	
Room PB [East Bldg. 2F Conference Room (Middle)]	Set up			Poster Exhibition (P1)		Poster Session (P1)		Poster Exhibition (P1)	
Room PC [East Bldg. 3F Conference Room D]	Set up			Poster Exhibition (P1)		Poster Session (P1)		Poster Exhibition (P1)	

Day2 [June 16 (Thu)]

Venue	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00	21:00
Room A [West Bldg. 1F TERRSA Hall]					LS3 OLYMPUS	PL2 Tobias Meyer	PL3 Shigekazu Nagata					Banquet	
Room B [East Bldg. 2F Seminar Room]				S6 Cutting edge of studies on human diseases by using Drosophila model: fusion of genetics and chemical biology Masamitsu Yamaguchi / Leo Tsuda	LS4 Leica Microsystems				S10 Dynamic Approaches to Living System in Cell Biology Kazuhiro Aoki / Naoki Honda				
Room C [East Bldg. 3F Conference Room (Large)]				S7 Cancer cells as a structure in 3D spaces Hiroaki Miki / Masahiro Inoue	LS5 Essen BioScience				S11 Cellular metabolism-the inner power of the cells which determines dynamics and fate Chiaki Takahashi / Yasuhito Onodera				
Room D [East Bldg. 2F AV Study Room]				S8 Stem cell regulation on life stages and life events Emi Nishimura / Fumiko Toyoshima	Broad of Council Members General Assembly				S12 Multidimensional Immune Organ Network Yoko Hamazaki / Kenji Kabashima				
Room E [West Bldg. 3F Conference Room No.2]				S9 Quantification of biodynamics-proposal of mathematical science and data science Takashi Suzuki / Kiyoshi Asai					S13 New insights into cell junctions in epithelial dynamics Sawako Yamashiro / Tadashi Uemura				
Room F [East Bldg. 1F Conference Room No.9]				W2 Molecular mechanisms underlying the regulation of cytoskeletal dynamics, cell morphology and motility Yasushi Okada / Yuko Kiyosue					W3 Organelles / Membran traffic / Autophagy Takeshi Noda / Naotada Ishihara				
Room PB [East Bldg. 2F Conference Room (Middle)]				Poster Exhibition (P1)	Removal / Set up	Poster Exhibition (P2)							
					Equipment / Reagents Exhibition								
Room PC [East Bldg. 3F Conference Room D]				Poster Exhibition (P1)	Removal / Set up	Poster Exhibition (P2)							
					Equipment / Reagents Exhibition								

Day3 [June 17 (Fri)]

Venue	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00	21:00
Room A [West Bldg. 1F TERRSA Hall]					LS6 MOLECULAR DEVICES CORPORATION JAPAN								
Room B [East Bldg. 2F Seminar Room]				S14 New biological principles emerged from cell-cell communications Masayuki Miura / Tatsushi Igaki					S16 Planning of functional zones in organelles Satoshi Goto / Hiderou Yoshida				
Room C [East Bldg. 3F Conference Room (Large)]				S15 Cutting-edge of autophagy studies with genetics, imaging and structural biology Masaaki Komatsu / Ruko Honda	LS7 Carl Zeiss Microscopy	12:20	13:10		S17 Multidimensional approaches to understanding epithelial polarity program Junichi Ikenouchi / Shigenobu Yonemura				
Room D [East Bldg. 2F AV Study Room]				T4 Life of proteins/ Intracellular trafficking / Organelles Tetsuro Izumi / Nobuko Hosokawa					S18 Advanced new methodologies for cell biology Naoki Watanabe / Hideo Yokota				
Room E [West Bldg. 3F Conference Room No.2]				T5 Cell adhesion / ECM / Cell-cell interaction Hideki Chiba / Tohru Ishitani					S19 Nonclassical ER stress response-mediated biological phenomena Hideki Nishitoh / Kazunori Imaizumi				
Room F [East Bldg. 1F Conference Room No.9]				T6 Intracellular trafficking, Cytoskeleton, etc. Shiro Suetsugu / Atsushi Suzuki			15:10		S20 Cell and chemical biology of cancer Masahiro Aoki / Akira Asai				
Room PB [East Bldg. 2F Conference Room (Middle)]				Poster Exhibition (P2)			Poster Session (P2)		Poster Exhibition (P2)	Removal			
					Equipment / Reagents Exhibition								
Room PC [East Bldg. 3F Conference Room D]				Poster Exhibition (P2)			Poster Session (P2)		Poster Exhibition (P2)	Removal			
					Equipment / Reagents Exhibition								

E : English Session
